American Journal of Physiology-
Regulatory, Integrative and Comparative Physiology

Director of Publications/Executive Editor,
Rita Scheman (301) 634-7070
Editorial Manager, Mark L. Goodwin (301) 634-7072
Submitted and Accepted Manuscripts:
Jami Jones (301) 634-7187
Copyediting and Production:
Journal Supervisor, Beverly A. Rude (301) 634-7184
Editorial Manager,
Eric Pesanelli (301) 634-7973
Permissions: Penny Ripka (301) 634-7251
Reprints: Carolyn Villemez (301) 634-7964
E-Mail: publicat@the-aps.org

Peer Review FAX: (301) 634-7243 Editorial FAX: (301) 634-7244 Administration FAX: (301) 634-7241

APS Home Page: http://www.the-aps.org
For instructions on how to prepare your manuscript to conform to APS style, please see http://www.the-aps.org/publications/i4a/index.htm

Manuscripts to AJP-Regulatory, Integrative and Comparative Physiology are submitted online through www.apscentral.org.
Mandatory Submission Forms and Fee Forms customized to your manuscript become available on completion of the submission process. For extra copies of blank forms, see http://www.the-aps.org/publications/journals/index.htm
If you use a blank form, please write the manuscript number, title, and author’s name CLEARLY on the form.
The consolidated American Journal of Physiology (AJP) ranks as one of the most frequently cited publications among all physiology journals listed in the Journal Citation Index. Published in two monthly volumes by The American Physiological Society, the consolidated AJP brings you approximately 2,700 articles encompassing over 22,000 pages annually.

The consolidated edition of the AJP provides comprehensive coverage of the latest research published in these important specialty journals:

- Cell Physiology
- Endocrinology and Metabolism
- Gastrointestinal and Liver Physiology
- Lung Cellular and Molecular Physiology
- Heart and Circulatory Physiology
- Regulatory, Integrative and Comparative Physiology
- Renal Physiology

As your comprehensive source for the full spectrum of current physiological research at a single low subscription price, the consolidated AJP is an unbeatable value.

Benefits

- Perpetual/Electronic Archiving—The consolidated AJP is part of LOCKSS and CLOCKSS.
- Counter-Compliant Usage Statistics—Online access to counter-compliant usage data is available to all institutional subscribers.
- Reference Linking—The consolidated AJP participates in CROSSREF, a reference linking service that turns citations into hyperlinks, allowing researchers to navigate online literature at the article level.
- Fully Searchable Text—Fully searchable text is available, including PubMed.
- Advance Tables of Contents & CiteTrack—Sign-up for e-mail notification of advance tables of contents and new articles matching a search criteria of your choice.
- Articles in Press—Accepted research papers are published online within a few days after their acceptance.

AuthorChoice

Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).
2010
American Physiological Society
Intersociety Meeting

Global Change and Global Science:
Comparative Physiology
in a Changing World

PRELIMINARY PROGRAM:
- The Role of Physiology in Organismal Responses to Global Warming
- Off the Beaten Path: Integrative Aspects of Muscle Function During Diverse Locomotor Behaviors
- Hydration, Desiccation, Regulation: The Comparative Physiology of Water Balance
- Physiological Effects of Ocean Acidification on Marine Animals in Times of Ocean Warming: Ecosystem Implications
- Evaluating the Effects of Global Climate Change to the Fauna of South American Biomes: Consequences to Diversity from a Physiological Perspective
- Environmental Adaptations of Cardio-Respiratory Systems
- Putting Comparative Physiology to Work in the Field: Stable Isotopes as Tracers of Ecological Processes
- Genomics and Proteomics Approaches to Understanding Environmental Stress
- The Life History Physiology Nexus
- The Physiology of Trace Metal Homeostasis and Toxicity
- Global Change and the Emerging Threat of Dead Zones: Can Individuals, Populations, Species, and Communities Respond to Increasingly Hypoxic Oceans?

Date & Location:  
August 4-7, 2010  
Westin Westminster  
Westminster, Colorado

Abstracts Due: May 3, 2010
Advance Registration: June 25, 2010

For more information or to register, visit: www.the-aps.org
Meetings & Conferences
of the American Physiological Society

Experimental Biology 2010
April 24-28, 2010 • Anaheim, California

2010 APS Intersociety Meeting:
Global Change and Global Science:
Comparative Physiology in a Changing World
August 4-7, 2010 • Westminster, Colorado

2010 APS Conference:
Inflammation, Immunity and Cardiovascular Disease
August 25-28, 2010 • Westminster, Colorado

Experimental Biology 2011
April 9-13, 2011 • Washington, D.C.

2011 APS Conference:
7th International Symposium on Aldosterone
the ENaC/degeneration Family of Ion Channels:
Molecular Mechanisms and Pathophysiology
Date and Location to be Determined

2011 APS Conference:
Autonomic Regulation of Cardiovascular
Function in Health and Disease
Date and Location to be Determined
The American Physiological Society (APS) brings to its readership Articles in PresS. In partnership with HighWire Press, we publish online—within only days after their acceptance—peer-reviewed papers submitted to our prestigious research journals.

Articles in PresS dramatically reduce time to publication, accomplishing an important goal of The American Physiological Society of providing researchers all over the world with instant, subscription-based access to the newest research.

APS Articles in PresS are citable, searchable in PubMed, and will establish publication priority. These articles are published in PDF format and reflect the original, unedited, accepted version, as submitted by the author.

Once a paper is published online as an Article in PresS, it proceeds through the established course of thorough copyediting and production, leading to its publication (about 9 weeks later) in the final online and print editions of the appropriate APS Journal. This final version will bear the date, volume, and page numbers as well as the Articles in PresS publication date and identifier, called the DOI.

After the journal issue is published online and in print, the final version of the paper will come up on search while the Articles in PresS version will be stored in an accessible, permanent archive.

We hope that this important service to our authors and readers will meet their expectations. View the APS Articles in PressS pages at the journal home pages: ajpcon.org, ajpcell.org, ajpendo.org, ajpplg.org, ajpheart.org, ajplung.org, ajpregu.org, ajprenal.org, jap.org, jn.org, and physiolgenomics.org.
